2. This petition can be disposed of at the stage of admission itself. The petitioner is required to approach this Court with the grievance that the respondent is not renewing the registration in his name of his Nursing Home bearing no. 000079. It is the case of the respondents that the registration is not

being renewed due to the pending dispute between the petitioner and his landlord in the City Civil Court. There is no justification for refusal to renew the licence on part of respondents.

3. We, therefore, dispose of this petition with a direction to the respondents to renew the registration of the nursing home of the petitioner subject to the condition that if there is any order passed by a competent court regarding the renewal of licence, then the same can be acted upon after giving notice to the petitioner.

4. Petition stands disposed of accordingly. No order as to costs.
